

## SKIN HUMOR 25 YEARS

"Cuticura did wonders for me. For twenty-five years I suffered agony from a terrible humor, completely covering my head, neck and shoulders, so even at large expense I consulted the most able doctors far and near. Their treatment was of no avail, not was that of the Hospital, during six months' efforts. I suffered on and concluded there was no help for me this side of the grave. Then I heard of some one who had been cured by Cuticura Remedies and thought that a trial could do no harm. In a surprisingly short time I was completely cured. S. P. Keyes, 147 Congress St., Boston, Mass., Oct. 12, '09."

## FACE COVERED WITH PIMPLES

"I congratulate Cuticura upon my speedy recovery from pimples which covered my face. I used Cuticura Soap, Ointment and Resolvent for ten days and my face cleared and I am perfectly well. I had tried doctors for several months but got no results. Wm. J. Sadler, 1614 Squeebanna Ave., Philadelphia, May 1, 1909."

## Is New England Drying Up?

We have been in the habit of thinking of irrigation only in connection with the arid west. The coming years may make it a necessity for New England. The rainfall in that part of the country is decreasing. Before 1900 the annual average was 46.27 inches. That means the demands of the farmers and the city folks. But for the last 10 years the average rainfall has been only 42.6 inches. Year before last was the driest within the memory of the oldest inhabitant, and the total precipitation this year, snow included, has been only 27 inches. The situation is so serious that the officials of at least one city have been compelled to tell the people that they must not take so many baths. They must forego cleanliness, so that they may have water for drinking and cooking. There has been an unfair distribution of rain this year. Europe has had too much and the United States too little. If the matter could be arranged by international agreement, Europe would gladly transfer some of its superfluous moisture to this country. Unhappily, it cannot be done. We can draw from Europe for gold, but not for water, and New England will have to work out its own salvation, probably by going in for water storage and irrigation.—Chicago Tribune.

Meriden.—The new nurse's home of the Meriden hospital received a fine Christmas gift from Attorney George A. Fay in the shape of a \$250 upright piano.

## Keep the Kidneys Well

Health is Worth Saving, and Some Norwich People Know How to Save It.

Many Norwich people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases arising from the kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Norwich citizen's recommendation:

Patrick J. Fitzgerald, 26 Mechanic Street, Norwich, Conn., says: "I can recommend Doan's Kidney Pills as a reliable kidney remedy. When they first came to my attention I was having considerable trouble from a pain and lameness across the small of my back and through my kidneys. When I read about Doan's Kidney Pills, I felt sure they were just the remedy I required and their use proved that I was right. Less than the contents of one box removed the lameness of my back, drove the pains away and regulated the passage of the kidney secretion. My advice to any person suffering from kidney trouble is to procure Doan's Kidney Pills at N. D. Sevin & Son's Drug Store and give them a fair trial."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## WESTERLY AND ITS INTERESTS

**Prize Winners in Tuberculosis Contest—Farrell-Toomey, Thorp-Hepworth Marriages—Gunner Picks Up Bag Containing 297 Pennies—Latch Key Out For Many Yuletide Guests.**

W. Marshall Taylor has acquired at sheriff's sale the stock on hand of the Roger-Raymond Manufacturing company, on Main street, to cover back salary. It is his intention to continue the selling of the well and favorably known Ki-ko bin flour sifter, which was made by the company. The sifter was widely advertised, and was highly recommended by domestic science schools and others interested in the advancement of home cooking. The article is patented, and besides being useful, is ornamental. Sales were made all over the country, and if Mr. Taylor's plans are carried out it will be more generally introduced.

William H. Dennis, the president of the Roger-Raymond company, left Westerly last October, and heard from him in Virginia. His wife and children have gone to Maine to reside with his mother. It is comparatively new industry and if the sale of the sifter meets with the success that it merits the friends of Mr. Taylor will be highly gratified.

Lady Leslie Lodge, Daughters of Scotia, in annual meeting elected the following officers: President, Mrs. J. H. Rogers; Vice-President, Mrs. J. H. Rogers; Secretary, Mrs. J. H. Rogers; Treasurer, Mrs. J. H. Rogers; and the total precipitation this year, snow included, has been only 27 inches.

The prize winners for the best essays on What I Saw and Heard at the tuberculosis exhibit have been awarded as follows: To Westerly High school, \$5; Hannah Stillman; to grade five, \$5; Annie J. Riley, Dennis Conners; honorable mention to Annie Henry of Newington; a seventh grade, \$5; divided between Raymond Burke of Elm street school and Dore Clark of Payson school; sixth grade, \$5; Evelyn L. Barger, Dennis Conners.

The recent order of the interstate commerce commission that upper berth in Pullman cars shall be no more, less than lower berth does not affect the travel from Westerly nor the New York, New Haven and Hartford, the Great Northern and the Chicago, Milwaukee and St. Paul systems. Those roads own their own sleepers and are not affected by the order. The lower and upper berths. On the New Haven road for many years the upper berth has been 25 per cent. less than the lower berth rate.

Herbert N. Farrell, son of Andrew Farrell, and Miss Agnes Toomey, the daughter of Colonel Toomey, both of Westerly, were married at St. Michael's church Monday morning. After the church ceremony a reception was held at the home of the bride's parents, and soon after Mr. and Mrs. Farrell left for a short wedding trip to Boston. On their return they will be housekeeping at a furnished home on the West Side. Mr. Farrell is employed at the Joslin Cash Store.

Howard Edwin Thorp and Miss Hattie May Hepworth, daughter of Mr. and Mrs. David Hepworth, were married Sunday afternoon in Christ Episcopal church, Rev. William E. Williams officiating. The bride was attended by Miss Cora Hepworth, her sister, and Ernest Thorp, brother of the groom, was best man. Relatives and friends of the families attended the marriage ceremony. Mr. and Mrs. Thorp left on the 1:51 west bound train and will visit in London, Lowell and Lawrence.

James Hamilton while out gunning Friday afternoon discovered in a stone wall not far from his home, near Burden pond, a box containing a pile of tobacco and 297 pennies. Mr. Hamilton turned his find over to Deputy Police Chief Brock, and the matter is being investigated. The police are of opinion that the pennies were stolen from the Hamwell store about two months ago, when the store was entered and robbed.

"My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed. Her doctor said she was dying, and she was completely cured, but that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, hiccups, asthma, croup, hemorrhage, all bronchial troubles, it has no equal. See St. Paul trial free. Guaranteed by Lee & Osmond Co.

**Wants to Help Some One.**  
For thirty years J. F. Boyer of Portland, Me., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from backache, nervousness, loss of appetite, lassitude and kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for liver trouble, dyspepsia, blood disorders, female complaints and malaria. Try them. J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to suspend my business for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." Lee & Osmond Co.

**Christmas Festival of Joy at the Catholic Church—Musical Programme of Unusual Excellence—General News.**

Christmas was celebrated in a special manner in the immaculate Conception parish. Two midnight masses were celebrated at the convent chapel by Rev. Fr. Bellrose, pastor, and by Rev. Fr. DuFrenoy. At the immaculate Conception church high mass was celebrated at 6 a. m., at 8 o'clock, the children's mass, and at 10 o'clock, high mass, at which an elaborate musical programme was finely arranged by the pastor, Rev. Fr. Bellrose. Professor Bonni's orchestra assisted the organ. The chorists were exceptionally fine. The soloists also did excellent work. Benediction of the blessed sacrament was given after 10 o'clock mass. At the close St. Jean's home assembled on the side gallery over the crib rendered in an able manner the Gloria in Excelsis Deo. The choir then sang the "Ave" and the "Gloria." The church was adorned with artistic decorations of evergreen and cut flowers.

**HAD CHRISTMAS TREE ON BOARD THE TRAIN**  
Merry Time for Uncle Sam's Regulars Home Bound from Philippines.

Denver, Col., Dec. 26.—Two hundred of Uncle Sam's regulars, recently discharged from service in the Philippines, and en route from San Francisco to Chicago, yesterday, had a Christmas tree on board the train. The tree, decorated during a stop in the mountains and the soldiers rummaged their kits for the bright colored ribbon and bangles for decorations. On the top branch there flamed a big five-pointed star, fashioned, it was whispered, out of a red flannel undershirt. Souvenirs of the stay in the islands were brought forth and "bumkies" swapped their cherished possessions.

"It was the merriest Christmas I've had since we left home," said one of the men when the train reached Denver last night.

**POLICE OF THREE CITIES SEARCH FOR COOL YOUNG MAN**

Kansas City, Mo., Dec. 26.—With no clue save a description of the robber to work on, the police of Kansas City, Kan., Kansas City, Mo., and Leavenworth, Kan., are today searching for the cool young man, neatly dressed and obdurate, who last night took possession of a Missouri Pacific passenger train from Leavenworth to Kansas City, Kan., robbed passengers and train crew, and escaped. It is now believed the bandit obtained at least \$300 from about 20 persons searched. Most of the amounts were small. Two men lost watches.

The bandit dropped from the train when it slowed down in the Kansas City, Kan., suburbs, and it is believed he made his way across the line to this city.

By the Explosion of a Locomotive on the Manhattan flyer which left Chicago over the Pennsylvania railway for New York three persons were injured.
